

## New Products

NEW for '09 the "Pet Liberator" This Travel cage has 2 doors. One side door for the owner to access the inside of the cage easily, this was measured to fit exactly in this vehicle so the door wouldn't interfere with the seatbelts. The other is located on the front of the cage and folds down for your pet to be able to come out and visit.

Driver's side.

Front.

Passenger's side.

Back.
