

36' Emperor Cage

36' Emperor Cage (6 photos) This 6'd x 36'w x 7'6"h "Emperor" cage in Sage Mist, was divided into one 6'd x 14'w x 7'6"h and one 6'd x 22'w x 7'6"h. The 6'd x 22'w x 7'6"h sanctuary was then divided into three individual cages. Both large cages have "Safety Zones" that enable the caregiver to access each of the four individual units without the fear of the birds escape. The "Safety Zones" also allow the nest barrel and nest boxes to be accessed from within the "Safety Zone".
